## Rocky Top Police Department SCAN Program

Chief James Shetterly and the Rocky Top Police Department are proud to introduce a new program that we feel will be beneficial to the residents of Rocky Top.

**SCAN, or Safe Citizens Awareness Network**, is geared toward all residents of Rocky Top and devoted to helping with the general welfare and needs of Rocky Top Citizens. We will be attempting to acquire general contact information from residents in the case that any harm to their general welfare should arise, we can have the information on hand to help in the aid of the individual.

This is for any city resident that wishes to leave contact information for their general welfare or protection of their property.

All information collected will be used only by the City of Rocky Top Emergency Services to help aid in the care and safety of our community.

Enrollment is free to all participants. To register for the program, forms will be available for pick up at the Police Department, or you can call in your information at (865) 426-7402.

## Annual Dinner

The Rocky Top Chamber of Commerce is honored to have Coach Phillip Fulmer as the guest speaker of the Chamber's Annual Dinner and Auction on Thursday, May 19, 2016 at Main Street Baptist Church's Family Life Center.

Coach Fulmer served as Head Football Coach at Tennessee for 17 years, from 1992 to 2008. He and his staff built an organization that produced the most successful era in modern Tennessee football history. Coach Fulmer and his staff were tireless recruiters and mentored some of the top names in college and NFL history.

In Coach Fulmer's last 11 years, he coached the Vols in the SEC Championship game five times, winning twice. He also led the Vols to one of the greatest moments in school history, the 1998 National Championship in the very first BCS title game.

The doors will open at 6 p.m. and dinner will be served at 6:30 p.m. There will also be a special Meet and Greet time before the dinner from 5:30 to 6:15 p.m. that participants can meet Coach Fulmer and have items signed if so desired.

There will be a live auction and all the proceeds from the dinner and auction will help fund the Rocky Top Chamber of Commerce scholarship program.

The Chamber offers scholarships to qualifying Anderson County High School students that attended Lake City Middle School. The number of scholarships offered per year is dependent on the amounts of funds available.

The cost of the dinner is \$50 and the Meet and Greet with Coach Fulmer is an additional \$25.00. Tickets can be reserved by calling the Rocky Top Chamber at 865-426-9595 or emailing the chamber at [info@rockytopchamber.com](mailto:info@rockytopchamber.com). ## Let's Help Riley!

Riley Mozingo is 7 years old and has had brain cancer for 6 years so the hospital has been a big part of her life. Every year her family and friends raise money and donate it to a childrens hospital. This year we sat down to begin planning and Riley asked could we get all the kids a coloring book and a box of crayons. Riley said I am happy when I have a coloring book and crayons when I go to the hospital so I want all the kids to be happy. The books and crayons will be handed out at East Tn. Childrens Hospital and St. Junes Childrens Research Hospital.

So we are asking for help collecting coloring books and crayons. **Rocky Top City Hall has a collection box and Clinton Physical Therapy.** The collection deadline is May 21, 2016. For more information email [bugroo2008@yahoo.com](mailto:bugroo2008@yahoo.com).

## Upcoming Library Celebration

On July 21, 1991 the Lake City Public Library celebrated a new building complete with shelves and shelves of books, new library furniture, a meeting room, as well as a large walled outdoor patio.

This year, the Rocky Top Public Library will invite friends and families to help celebrate the 25<sup>th</sup> year of that event. Friends of the Rocky Top Public Library (commonly referred to as "Friends") are planning events to commemorate this milestone. A committee is at work planning various activities ending with a celebration tentatively planned for the fourth weekend of July. The theme "Then and Now" will showcase the growth and changes of library services since 1991 beginning with the move from an 800 sq. ft. area at the Recreation Center to a 3000+ sq. ft. building just across the parking area.

We are in need of publications, pictures, and personal anecdotes to be used throughout the celebrations. If you have any of these that you would allow us to use, drop them off at the library circulation desk. Please mark them "Attention: Friends of the Library".

The Friends of the Rocky Top Public Library Facebook page will be updated regularly to announce each event.

## Park Ranger - Lauren Baghetti

Ranger Lauren Baghetti has accepted a transfer to Fort Loudoun State Historic Area. Lauren leaves Norris Dam after 8 years of service providing monthly newsletters, guided hikes and most recently the Summer Ranger Camps.

She will be a great asset to Fort Loudoun as historical recreations are a daily duty and she is very good at taking on the role of characters past. Lauren will be missed here in Rocky Top, but we know she is just down the road. A search is ongoing for her replacement and hopefully the Summer Junior Ranger Camp will be held. ## Tips for Safe Boating

Boating season is upon us and soon the lakes and rivers of East Tennessee will be packed with families out on the water. No matter if you love to fish, waterski, or just relax on the pontoon with family and friends, our area is a haven for those who love summer sun and fun.

But while we all want to have fun on the water, equipment malfunctions, weather conditions, and plain carelessness, can lead to disaster.

In 2014, the Tennessee Wildlife Resources Agency recorded 87 boating injuries, 17 fatalities, and over \$1 million of property damage as a result of boating accidents. The most common type of accident was collision with another boat cause by operator inattention or not having a good lookout.

Here are some tips to help maximize your summer by minimizing your boating risk:

- Prepare your boat and rig for the season. Get your boat's engine tuned-up and inspect the vessel for possible problems. Do the same with your trailer.
- Make sure that you have the proper safety equipment. The TWRA requires that children under 12 wear a life jacket at all times, but it's a good idea to stock enough life jackets and flotation devices. A fire extinguisher in good working condition is a must. Check you first aid kit to ensure that it is properly stocked, and make sure that your radio functions properly.
- Verify that you navigation lights work.
- Consider taking a boater safety course.
- If you plan on drinking, designate a driver. Drinking and driving is not only dangerous when driving a car, but also operating a boat. The TWRA is always on the lookout for drunk boaters, and a BUI charge is a serious offense punishable by fines and possible jail time.
- Finally, review your boat insurance to make sure that you have the right coverages. Unfortunately, many folks believe that their homeowners insurance covers their boat. In most cases, it doesn't. Talk to your agent for more information.

Nothing can spoil your summer faster than a boating accident. The good news is that preparation, knowledge of safe boating practices, and common sense will help you avoid most hazards and keep your family safe while enjoying all that East Tennessee's waterways have to offer.

## May - Motorcycle Safety Awareness Month

The Rocky Top Police Department will be partnering with the Tennessee Highway Safety Office and the Department of Safety and Homeland Security to promote motorcycle safety during the month of May. May is nationally recognized as Motorcycle Safety Awareness Month. Agencies participate by providing information and increasing awareness in their communities about the importance of sharing the road and looking twice for motorcyclists. "Motorcyclists will be out in force as the weather gets warmer, which is why it is the perfect time for us to remind the community about the vulnerability of motorcycle riders," said Rocky Top Police Chief James Shetterly. "All motorists need to know how to anticipate and respond to motorcyclists to avoid crashes."

The National Highway Traffic Safety Administration offers general tips to drivers on preventing a crash with a motorcycle:

- Though a motorcycle is a small vehicle, its operator still has all the rights of the road as any other motorist. Allow the motorcycle the full width of a lane at all times.
- Always signal when changing lanes or merging with traffic.
- If you see a motorcycle with a signal on, be careful: motorcycle signals are often non-canceling and could have been forgotten. Always ensure that the motorcycle is turning before proceeding.
- Check all mirrors and blind spots for motorcycles before changing lanes or merging with traffic, especially at intersections.

Always allow more follow distance – three to four seconds – when behind a motorcycle. This gives riders more time to maneuver or stop in an emergency.

Preliminary data reveals that in 2015, Tennessee experienced an increase in motorcycle fatalities. There was also an increase in the number of those killed who were not wearing a helmet. There were over 2,800 crashes involving a motorcycle last year statewide.

"Most people underestimate the power of the vehicle they are driving," said Tennessee Highway Safety Office Public Information Officer Amanda Brown. "Vulnerable road users like motorcycle riders, bicycle riders, and pedestrians are no match against the four thousand pound vehicle you are operating. In the event of a crash, they are defenseless. That is why we are asking that this month, and all year round, motorists take an extra moment to look twice."

For more information about the *Look Twice* campaign or to learn more about motorcycle safety, visit [www.tntrafficsafety.org](http://www.tntrafficsafety.org).

## Learn To Fish The Clinch For Trout

NORRIS—How to fish the Clinch River tailwater for trout (spin casting and fly casting) will be the topic Saturday, May 14, at an on-river seminar sponsored by the Clinch River Chapter, Trout Unlimited. The free event is open to all adults and teens, but reservations are required.

Skilled Clinch River anglers will introduce newcomers to fishing the Clinch through on-shore instruction and guided fishing in the river. The group will gather at 8:30 a.m. behind Second Baptist Church at the end of Public Safety Lane in Clinton; instruction starts at 9 and fishing, about 10.

The class will be limited to 20; to reserve a place, contact Melissa Maples-Harrell at [tleo2008@live.com](mailto:tleo2008@live.com) or (865) 804-5491.

Participants must have Tennessee trout-fishing licenses and are asked to provide their own lawn chairs, picnic lunches, beverages and, if possible, fishing gear (rods, reels, waders, boots, flies/lures). With advance arrangement, fishing gear will be available to borrow; Maples-Harrell can set that up.

From about 10 a.m. to midday, newcomers will be paired with experienced anglers and will disperse along the river to fish. Afterward, participants will picnic and discuss the day's events before heading for home. If there is light drizzle that day, the entire event will proceed as scheduled; in case of lightning or heavy rain, the class will move indoors but the fishing will be canceled.
